

EFT'S: MONEY IN YOUR BANK FASTER

Looking to implement EFT's (Electronic Fund Transfers) into your dental practice?

Worried about how to track them? Unsure the best way to keep track of the money without the physical check?

THEN THIS IS THE SEMINAR FOR YOU!

In this seminar you will learn:

- How to Begin Implementing EFT's into Your Practice
- Steps to Make Implementation Smooth
- Best Practices on How to Track your Payments
- Systems to Keep you Organized

Implementing technology into your practice can be intimidating. In this seminar you will learn how to best implement electronic funds transfers into your dental practice. You will learn ways to track your payments, so nothing slips through the cracks. You will learn checks and balances to make your doctor confident that no deposits will ever be missed.
